### LIST OF LICENSED FIRE SPRINKLER CONTRACTORS

Requires a C-16 (Fire Protection Contractor) License to install. Design may be done by either a Type "A" (General Engineering Contractor), Certified Fire Protection Engineer, or a Fire Protection Contractor.

Inclusion or deletion of any contractor should not be construed as an endorsement by this office for any of the contractors listed below. You the consumer are reminded that prior to hiring any contractor, ensure that the company you are proposing to use is in fact a currently licensed and insured contractor in good standing. Should you have any questions about a contractor, you can contact the California State License Board at 1-800-321-2752, or <http://www.cslb.ca.gov>.

Companies that have an asterisk\* after their name can also be contacted for required 5-year re-certification testing of your commercial fire extinguishing systems.
